3-way cab system

The speaker mounts developed for the Sprinter dashboard integrate two 80 mm midrange speakers in an acoustically optimal listening position. Two 26 mm soft dome neodymium tweeters in the A-pillars complement the 3-way system and achieve a wide, spatial soundstage.

For a greatly improved fundamental sound reproduction and higher overall sound pressure, in the factory installation location of the vehicle doors, a 165 mm JEHNERT Power Woofer (incl. mounting adapter and grille).

The Sprinter sound system is specially vehicle acoustically calibrated. This guarantees an optimal sound image and a detailed music reproduction.

Speaker placement:

2x 165 mm JEHNERT Power Woofer »XM165«
2x 80 mm midrange driver »XE80«
2x 26 mm neodymium soft dome tweeter »XE26«
JEHNERT crossovers, vehicle specific calibrated

Technical data:

Load capacity duration / music: 2x 80 / 160 Watt
Transmission range: 49 - 22.000 Hz
Impedance: 4 Ohm
rec. Amplifier power: ab 2 x 50 - 100 Watt @ 4 Ohm
