

Living room boxes

A Hifi multi-talent on the road!

It should be brilliant in sound, compact, small and perfectly integrated?

With JEHNERT living room boxes, your sonic dreams can also be enjoyed visually. Due to their unique design, the multi-boxes, which can be used in a variety of ways, offer versatile assembly and installation possibilities. Installation is quick and easy with the supplied screw set and an anti-vibration strap. The front housing can be combined for any living room design and is available in many color variations.

Color choice according to your wishes:

For almost all living area boxes, 8 color variants are available for the cover fronts in the standard scope of delivery. Special colors on request.

We will be happy to provide you with our imitation leather color samples on request.

Multibox-Serie

Multibox 6100 / 6102

The living room box 6100 / 6102 offers in an exclusive design, variable mounting options and a very special sound concept in one. Due to the two-part construction and a triangular housing rear wall, positioning is possible, for example, on a cabinet, partition, shelf or as a corner box.

The color of the front housing is available in many variants and can thus be adapted to every living room design. For the sonic brilliance provides an integrated 2-way speaker system in a very special design.

According to sound preferences, either 1x 100mm woofer and 26mm softdome neodymium tweeter or 2x 100mm woofer and 1x 26mm tweeter in special D'Appolito arrangement are available. In the D'Appolito arrangement, the tweeter is located between the two midrange drivers. The special control of the individual speakers reduces sound distortion caused by floor and ceiling reflections and optimizes the room sound.

- 2-part construction for flat mounting on cabinet or partition wall
- Angular resonance housing for corner mounting, on shelf or under wall unit
- Color of imitation leather front panel at choice
- Acoustic fabric front panel black or white
- Rear of housing in black or white

Art. No. 6100

Art. No. 6102

PleX-Blade

The PleX Blade complements the existing living room box series with an absolute „eye catcher“ and brilliant sound. In a combination of acrylic glass and acoustic fabric, the PleX-Blade offers the space-saving alternative in a unique design to the living room boxes. The panels convince by their minimal installation height and thus allow the perfect integration of speakers in the living room.

The integrated 2-way system with a 26mm soft dome neodymium tweeter and 80mm midrange driver achieves in addition with an optional subwoofer the perfect listening pleasure.

The noble front panels are covered with durable and lightfast acoustic fabric.

- 2-way system with brilliant sound
- 1x 19mm neodymium softdome tweeter „XA19“
- 1x 100mm midrange driver „XE100“
- incl. specially tuned crossovers
- despite small dimensions excellent sound qualities (mounting depth: 300 mm / mounting height: 3mm)

Art. No. 6700

Multibox 6600

The powerful Multibox 6000 offers excellent sound performance with a 19 mm softdome neodymium tweeter and a 100 mm low-midrange driver - **even without a subwoofer!**

- 2-part construction for flat mounting on cabinet or partition wall
- Angular resonance housing for corner mounting, on shelf or under wall unit
- Color of imitation leather front panel at choice (see page 24)
- Acoustic fabric front panel black or white
- Rear of housing in black or white

Art. No. 6600

Living room box DR-1000

The DR-1000 box offers versatile mounting and installation options and is also ideally suited for TV connection in addition to a subwoofer. Despite its small dimensions, it achieves great performance in terms of sound. The high-quality 2-way speaker system lets you enjoy music with clear, dynamic sound noticeably alive.

- for flat mounting on cabinet or wall
- Imitation leather front panel in black, white, orion gray, heliosbeige, beige naturel or cream white

Art. No. DR-1000

Multibox 7000

In exclusive design, this speaker box was equipped with a 2-way system for maximum sonic performance. A 26 mm tweeter and 80 mm midrange reproduce a brilliant sound reproduction, which becomes a perfect sound experience with the support of a subwoofer.

- 2-part construction for flat mounting on cabinet or partition wall
- Angular resonance cabinet for corner mounting, on shelf or under wall unit
- imitation leather front panel in black, white, orion gray, helios beige, beige naturee or cream white
- rear side of housing in black, white or beige

Art. No. 7000

Multibox 7100

The Multibox 7100 offers exactly the same sound characteristics as the Multibox 7000. It was specially developed for flat mounting on a cabinet or wall. The optical highlight of the box is the reshaped acoustic fabric panel on the top and bottom.

- for flat mounting on cabinet or wall
- Imitation leather front panel in black, white, orion gray, heliosbeige, beige naturel or cream white

Art. No. 7100

Living room box 5500

The Multibox 5500 performs with its small dimensions of 18 x 10 x 8 cm excellent sound qualities. The integrated 2-way system with a 26 mm soft dome neodymium tweeter and 80 mm midrange driver achieves in addition with an optional subwoofer the perfect listening pleasure.

- 2-part construction for flat mounting on cabinet or partition wall
- angular housing for corner mounting, on shelf or under wall unit
- imitation leather front panel in black, white, orion gray, helios beige, beige naturee or cream white
- rear side of housing in black or white

Art. No. 5500

Living room box 3000 - Exclusive

Exclusive design and brilliant sound combine in this high-performance living room box with individual use and expansion options. Whether as a mono, stereo, quattro or 5.1. surround system - **you enjoy first-class sound and perfect integration!**

This sound-strong full-range system offers a very pleasant, full sound image even without a subwoofer. With a 5.1. surround system an additional active subwoofer guarantees real cinema atmosphere.

The living room box 3000 - Exklusiv offers first-class sound qualities and proves with which attention to detail one dedicates oneself at JEHNERT around sound & design.

Art. No. 3000
